Collaboration Experts
our in house AV Architects are experts in all things collaboration

Managed Services
with next business day parts and engineers for your AV systems

As award winning technology and service integrators, we have experience across the **productivity, collaboration, and meeting room** technology areas. Combined with our relationships with leading collaboration vendors, including Microsoft, Cisco, Yealink, Neat and Appspace, we provide the end to end meeting room journey, from booking the room, to the complete in-room experience.

Our specialists provide advice and guidance for collaboration solutions that leverage your existing technology investments and the latest technology innovations. Our approach involves enhancing your team's skills and capabilities, as well as aligning with your vision, to identify, plan, and develop a secure and integrated smart workplace solution that meets the unique needs of both your employees and office spaces.

Beyond Expectations

> "Cisilion have ensured that we are able to work together seamlessly and efficiently across offices, even in different regions, resulting in increased collaboration and communication among our teams –game changing."

Jack Kelly,
Workplace Manager, CNA Hardy

Outcomes & Benefits

Intuitive and High-Quality experiences
Seamless integration of 4k video, intelligent audio and multiple content sources in a simple to consume and use platform.

Inclusive meeting room experiences
Meeting rooms that work both for participants in the room and remote users, delivering a robust and inclusive meeting room experience.

Driving up room utilisation
Frictionless and easy to use resource booking platforms, environment and experience monitoring, and reporting on room performance and utilisation based on attendance, ensure that investments in the deployed solutions are realised.
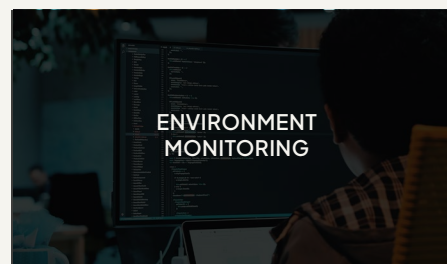

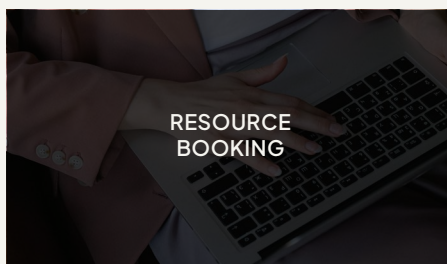

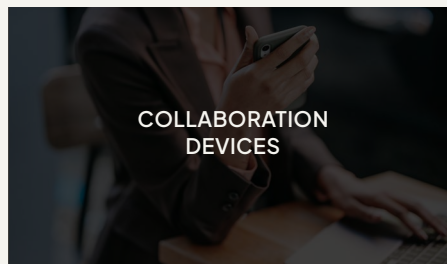

Reduced cost and complexity
Through vendor consolidation, and standardisation of the modern work experience we improve employee focus and productivity by removing duplicate or disjointed technology products.

Deliver against ESG goals and targets
With meeting room solutions that your employees want to use, CO_2 emissions will be reduced through reductions in travel.
